1. Specific Conditions:

- i. State Government should ensure the availability of land in their possession before awarding the works. State Government will bear all expenses in relation to land acquisition, environmental clearances etc.
- ii. The State Govt. should ensure the availability of land (IPSSs and STP) in their possession before the bidding of works.
- iii. All infrastructure projects need to conduct project specific IEC activities and detailed plan for such activities to be submitted to NMCG.
- iv. "Namami Gange" signage to be placed at all the project sites approved under Namami Gange programme.
- v. Cost of getting statutory clearances will be provided as a reimbursement on the basis of supporting documents.
- vi. State government should economize the power cost by exploring other suitable alternatives.
- vii. All the observations of TPA and NMCG to be complied along with necessary revisions of design prior to bidding.
- viii. State need to submit a revised DPR before bidding, based on compliance to the observations of TPA and NMCG observations and recommendations.

2. General & Technical Conditions:

- i. State Programme Management Group (SPMG) which is a registered society shall be responsible for overall planning, management and effective implementation of the project at state level.
- ii. Naihati, Garulia, Titagarh, Panihati, and Khardah municipality shall be the Urban Local body (ULB) responsible for ensuring commitment to ownership, commitment to reforms for sustainable O&M, and community involvement. Central Govt. is giving funding for O&M of the sewerage assets for 15 years, the appropriate tax should be collected regularly as usual by ULB and kept in a corpus fund, which should be used by ULB for O&M of all these assets after 15 years exclusively.
- iii. The Kolkata Metropolitan Development Authority (KMDA) shall be the Executing Agency (EA) of the project to be implemented under the guidance of the SPMG, in coordination and consultation with the ULB and overall monitoring of the National Mission for clean Ganga (NMCG) as per provisions laid down in the NGRBA programme framework.
- iv. The project will be implemented through Design Build Operate Transfer (DBOT) basis with Operation and Maintenance support for a period of 15 years. After 15 years, the operation and maintenance of the network shall be the responsibility of the state government. Sustainable revenue generation

9/10/2018

from beneficiaries, re-use of treated effluent and waste to energy etc. shall be encouraged.

- v. The sewerage project at Naihati, Garulia, Titagarh, Panihati, and Khardah municipality municipality needs to be suitably aligned with the "Strategic Sanitation Plan"/"City Sanitation Plan"/"Master Plan" for Naihati, Garulia, Titagarh, Panihati, and Khardah municipality, West Bengal. Synergy shall be ensured with other central/state sponsored programme like AMRUT, UIDSSMT etc. in the project area to avoid any overlap/duplication.
- vi. The project is to be implemented within 12 months including bidding period as per the implementation schedule.
- vii. The compliance of observations of the NMCG and TPA would be ensured by SPMG/EA at the time of finalization of Bid Documents.
- viii. The activities proposed under the project shall conform to all Environmental Legislations and the NGRBA programme framework.
- ix. No untreated municipal wastewater should be allowed to fall in the Ganga river stretch adjoining the project (Naihati, Garulia, Titagarh, Panihati, and Khardah municipality) sewerage zone in West Bengal.
- x. Detailed design & implementation of the project works should be based on extensive survey. Proper investigation should be carried out before execution to achieve economy in the proposal as well as to avoid any shortfall in the design. Choice of technology should be left open and decided during the bidding process.
- xi. Standard procedure as indicated in the CPHEEO manual on Sewerage & Sewage Treatment Systems and codes of practice of BIS will be followed during project implementation.
- xii. Progress of implementation of the project shall be closely monitored by the State Government of West Bengal/SPMG, so as to ensure that the project is completed within the stipulated period of time. In addition the progress (physical & Financial, including funds utilization certificates) needs to be reported to NMCG on regular basis and as and when requested.
- xiii. Any cost escalation or time overrun will be brought to the notice of NMCG. Decision of cost overrun/time overrun will be granted based upon discussion in the EC of NMCG.
- xiv. The project may explore at least reuse 20% of the treated water at initial stages and move towards 50% reuse in a defined time frame.
- xv. The treated sewage must meet the standards prescribed for BOD and coliform and in case where EC has specifically recommended, meet higher standards and disinfect the treated effluent before disposal.
- xvi. The condition assessment of the existing civil structures for possible use is to be included in the bid document.
- xvii. The actual project cost shall be the awarded cost. In case the final/negotiated quote of a contract exceeds the estimated cost by more than 10%, the work shall be awarded only after obtaining approval of NMCG.
- xviii. The State is advised to consider charging people on a monthly basis for the sewerage system to recover ~~at least~~ O&M cost as the charges per *sweeper*

household would be quite low. Suitable sewage cess / tariff / tax and sewer connection fee may be imposed on the beneficiaries to recover the O&M at the least to start with. However the full project cost recovery at the earliest should be aimed at.

- xix. To impart training to all personnel engaged on construction and O&M for quality construction and O&M of works.
- xx. Regular monitoring of the project implementation in accordance with the NGRBA framework.
- xxi. Guidelines issued by Ministry of Finance and other governing organizations regarding disaster management as applicable be adhered to during project execution.
